4 Colour Clicker

Our EZ Pen is completely compatible with all of our D3 software. Change to 1 of 4 colours with a single click.

LED Indications

LED indications let you know when your EZ Pen is synced, charged or if there's an issue.

Home Button

Navigate to and from your desktop and D3 software with a single click. Use the Home Button to switch between your ink & cursor.

Scroll Wheel

Navigate documents, adjust pen nib and eraser thickness, browse and navigate the web.

Tab & Launch

Our EZ Buttons are made to make presenting and interaction more fluid. Tab any program you want and launch it with the touch of a button. Delete and edit your tabbed programs anytime you want.

EZ Buttons

Syncing Station

Once inserted into the USB port on the side of your Interactive Flat Touch Display (IFTD), the EZ Buttons sync your EZ Pen with your IFTD and D3 software.

Charging Station

The EZ Buttons also act as a charging station for the EZ Pen. There's no need to worry about batteries, just place the EZ Pen into the charging and syncing port and it will automatically charge and/or sync.
